

ASSEMBLY BILL

No. 372

Introduced by Assembly Member Ma

February 23, 2009

An act to amend Section 102705 of, and to add Section 102704 to, the Health and Safety Code, relating to adoption records.

LEGISLATIVE COUNSEL'S DIGEST

AB 372, as introduced, Ma. Adoption records.

Existing law requires that a court report of adoption be filed with the original record of birth and that these records remain a part of the records of the State Registrar. Existing law provides that records related to adoptions, other than a newly issued birth certificate, shall be available only upon the order of the superior court of the county of residence of the adopted child or of the county granting the order of adoption. The order shall not be granted unless a verified petition setting forth facts showing the necessity of the order has been presented to the court and good and compelling cause is shown for granting the order.

This bill would expand the exception described above to also apply if an adoptee who is at least 18 years of age submits to the court a written, signed, and notarized request for a copy of the original record of his or her birth. The bill would make related and clarifying changes.
